

## **Dr. Babasaheb Ambedkar Technological University, Lonere**

### **Hostel Admission Notice**

There was a continuous demand from the parents of the girls and first year students for giving admission to their wards in the hostel. However, there were limited seats available and the demand was more. Particularly, the girl students had to suffer due to this situation. Also, the parents of the girl students wanted to keep their wards in the university hostel as far as possible. Therefore, it is decided now to give priority to the girl students and first year students of the University for Admission in the hostels. As far as possible, all girl students requiring hostel admission will be offered seats in hostel.

In view of this, there are a few changes in the allotment of students in various hostels. The students are requested to note revised hostel allotment, hostel fee, mess advance and admission schedule. At present, there are five hostels available for students with total intake capacity of 1700 students. The government of Maharashtra has sanctioned grants for additional six hostels for our university. However, it will take some time for availability of these new hostels.

The revised policy and procedure for hostel admission will be as follows from this academic year (2010-11).
